Corada Pro

—

Feature List

ADA Compliance

- **Focus on Compliance, Not Admin**: Spend less time on research and maintenance and more time on achieving ADA compliance.

- **Core Evaluations**: Access 17 streamlined, high-quality evaluations with automated data collection for efficient ADA assessments.

- **Regulatory References**: Easily refer to ADA requirements when evaluating your programs and services.

- **ADA Definitions**: Quickly reference ADA definitions to support evaluation accuracy.

- **Contextual Examples**: Review examples relevant to your programs and services as you perform evaluations.

- **Peer-Reviewed**: Corada Pro's evaluation sections have been peer-reviewed by university and city ADA Coordinators, prominent ADA consultants, and former DOJ Civil Rights attorneys.

ADA Organization Management

- **Effortless Management**: No setup, maintenance, or security concerns—just focus on your compliance efforts.

- **Department Organization**: Manage all your departments in one place for easy review and tracking.

- **Program Supervision**: Track, analyze, and improve compliance across all programs and services.

- **Unlimited Evaluations**: Conduct as many evaluations as needed for each department.

- **Custom Questionnaires**: Design tailored questionnaires for specific departments and programs.

- **Action Steps**: Automatically generated tasks to help you remove the areas of non-compliance in your programs and services.

- **Task Management**: Plan, assign, and monitor all team tasks from a single platform.

Reports & Tracking

- **Save Time on Documentation**: Spend more time reviewing compliance and not updating spreadsheets and databases.

- **ADA Compliance Score**: Understand where each department and program stands with objective scoring.

- **Detailed Reporting**: Identify high-risk issues with our proprietary ADA issue detection system, ensuring clear visibility of compliance gaps.

- **Evaluation Audits**: Review team answers, comments, and track progress for a comprehensive compliance picture.

Collaboration

- **Seamless Teamwork**: Foster communication and teamwork to strengthen compliance efforts.

- **Unlimited User Seats**: Add as many team members as needed to manage compliance tasks.

- **User Permissions**: Assign specific roles to optimize efficiency and reduce errors.

- **Activity Logs**: Monitor team activities and stay informed on compliance progress.

ADA Support

- **Easy Setup and Onboarding**: Minimal training required. Get started in minutes, with help always available.

- **Customer Success Manager**: Your dedicated manager ensures you get the most out of current and new features.

- **Guided Onboarding**: Benefit from expert advice and best practices to get up and running quickly.

- **Priority Support**: Get prioritized assistance for issues through web or phone support.
